### saving pacer to your home screen:

**Apple:** Once on the Pacer website via Safari ([www.pacer.aero](http://www.pacer.aero)), click the Share button icon (↗). Scroll past the Copy button until a list of options appears. Select "Add to Home Screen." You will then be prompted to save or change the name. Select "Add" on the top right. An icon for Pacer will then be saved to your home screen.

**Android:** After you have navigated to [www.pacer.aero](http://www.pacer.aero) on your web browser, select the overflow button (⋮) in the top right corner. A menu panel will pop up. Select "Add to Home Screen" and then click "Add."

### using pacer

#### Submit a Departure Time

- To submit a departure time, click on the blue button below the demand chart, "Submit Departure Intent." You will need to provide your callsign, origin, destination and click "Select Departure Time."
- You will then be prompted to select your intended taxi time directly on the demand chart. Toggle time bins by selecting the arrows under the demand chart. Once you have found your intended departure time, tap on the area above that time and tap "Submit."

#### View Demand Information

- To access the demand chart, click on the menu bar in the top left corner and select "Demand Chart."
- Swipe the bars left or right to change the timeframe being viewed.
- The rate line indicates the expected combined arrival and departure capacity that an airport can handle.
- In the Dallas area, to view departure fix demand, click on the "Dep Fix Demand" button above the Surface Demand chart.

#### Benefit of Using Pacer

Having a better awareness of busy departure times allows you to make more informed decisions and relay important information to customers as needed.
